

## DEMOCRACY SAUSAGE

### MEDIA STATEMENT: 14 July 2025

#### Community fundraisers ready for this weekend's Tasmanian election

Tasmanian schools and community groups are standing by to serve up democracy sausages and other delicacies on 19 July. With less than a week to go, 22 polling place fundraisers have been added to the [democracysausage.org](http://democracysausage.org) map.

Tasmanians can support their local communities by visiting the barbeque or cake stall nearest them on election day; even those who have prepolled or submitted a postal vote are welcome to stop by for a snag.

The Democracy Sausage team encourages anyone with information about a fundraiser that's not yet on the map to get in touch, either by sending a tip-off via the website or by reaching out on social media.

Alex Dawson, Chief Sausage Engagement Officer at [democracysausage.org](http://democracysausage.org) encourages voters to report in on their local booth in the lead up to election day:

*"Tasmanians tend to traditionally favor a cake stall, but be it cake or bun we need a data sauce to put it on the map."*

The Democracy Sausage team is a strong supporter of democracy as well as the humble sausage, and encourages voters to learn about their candidates, follow the Tasmanian Electoral Commission for reliable voting information, and - most importantly - to submit a thoughtful and considered vote.
